XMAS WREATH

Freya.art TUTORIAL

Let's begin with the Freya Paper Texture No. 2. Swipe it on the first layer in a light grey color and then lock this layer. For all succeeding layers, set it to Linear Burn so that it will pick up the paper texture details.

On another layer, draw a solid circle. On top of that, create a clipping mask layer and color it in using the Freya Wet on Wet No. 8 brush. This will be your background accent.

Then begin sketching out the rest of the composition using a 6B or Peppermint Brush. On another layer, begin adding the base colors using the Freya Wet on Dry No. 5 brush.

On a new layer, start blending and layering colors using the Freya Wet on Wet No. 3, Freya Dry on Wet No. 4 and Freya Wet on Dry No. 4. Use clipping mask to help you color within boundaries.

katiethomascreative I just bought your watercolour set and they are incredible brushes, so well thought out and intuitive. The best of any digital watercolour brushes that I've purchased so far, well done. I feel like I might have to have these oil brushes too when they come out 😊

digitalartbybillee I'm in love with your watercolour brush set, so glad I invested in them ❤️❤️
